

In History we will be learning about 'Inventions' We'll be finding out:

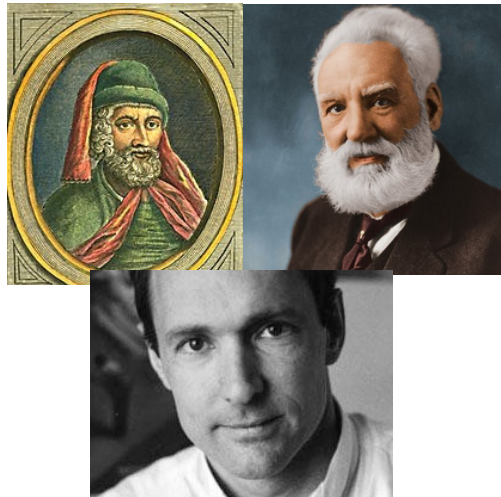

- About the significance of inventions in communication past and present.
- About William Caxton and the first printing press.
- About Alexander Graham Bell and the invention of the telephone.
- About Tim Berners-Lee and how the invention of the world-wide web has changed the way in which we communicate today.

In Design and Technology, we will

- Design, make and evaluate a fruit kebab for ourselves to enjoy in our healthy eating cafe.

Blowers Green Primary School

Year 2

Our Learning Journey

Spring Term

Literacy:

This term children will develop their understanding of a range of fiction and non-fiction texts and have opportunities to create them. We will be covering a range of fiction and non-fiction genres. Children will be developing their writing skills and understanding of language.

Numeracy:

Children will be continuing to develop their mathematical understanding. They will be using addition, subtraction, multiplication and division in a variety of contexts in the classroom.

Reading

It is important for your child to read everyday. Children will continue to choose a home reading book and we ask that you sign their reading book when you have listened to them read. Your child is expected to have at least three signatures in their book per week.

Spellings

Children will receive spellings and SPAG sentences on Friday to be learned for a test the following Thursday.

RE

We will be learning about the special customs which are important to us and to others.

Science

We will be learning about 'Living things and their Habitats'.

PE

PE sessions will take place on Mondays and Fridays Please ensure full kit is in school at all times and jewellery is removed on these days.

PSHE

This half term we will explore our feelings about ourselves. We will be celebrating our strengths and thinking about areas where we could improve.

ICT

By creating and debugging our own programmes we will learn that programs work by following precise instructions.

Music

This year children will be continuing with their singing lessons, learning about rhythm, pitch and how to play simple percussion instruments.

Maths Homework is set on Friday and is to be returned on the following Thursday.

Poetry Recital

Please help your child learn their poems. They must be able to recite the poem without any mistakes to Miss Starrs as well as answering questions about the poem. This helps children's skills of speaking clearly and slowly as well as enhancing their imagination and vocabulary range—which improves their writing.

**Thank you for your continued support
Miss Meads and Miss Patel.**
