

Over the next half term, Year 5 will be studying a range of topics which will be taught through focus weeks.

History: In history lessons, we'll be finding out **The Tudors**. We will focus on:

- Using sources of evidence to deduce information about the past.
- Giving a broad overview of life in Britain and some major events from the rest of the world.
- Describing the social, ethnic, cultural or religious diversity of past society.
- Understanding the concepts of continuity and change over time, representing them, along with evidence, on a timeline.
- Using appropriate historical vocabulary.

Design and Technology: We will be looking at **Mechanical systems, pulleys and gears** in design and technology lessons focussing on:

- Converting rotary motion to linear motion using cams.
- Using combinations of electronics and mechanics in product designs.
- Writing code to control and monitor models or products.

Science: The topic covered in science this half term will be: **Living things and their environments**. Our children will be encouraged to investigate and follow lines of enquiry in order to acquire and build upon their knowledge of scientific phenomena.

Class 5

Blowers Green Primary School

Summer 2017

Numeracy: This term children will be learning a range of skills around number, the four operations, shape, space and measure and statistics. There will be a particular focus on mental maths (arithmetic) and formal written calculations.

Literacy: We will be learning to read and write different genres including: recount, persuasion, argument, letter, diary, newspaper, descriptive and narrative. This learning will be linked to current topics, as well as our shared class text **The BFG** by **Road Dahl**.

RE: Children will be learning about **Communities and Stories** and practices associated with living in a faith community.

Music: Throughout our music lessons, children will be learning to read musical notation, sing, play the clarinet and perform as part of a group with our music teacher - Mrs Barnfather.

PE: Every Monday and Friday and this half term we will be focusing on Athletics. Please ensure full kit is in school every day as PE forms a part of the school curriculum. Long hair should be tied back. Remember bangles, bracelets and rings should not be worn in school. They can be a distraction to learning, get lost or stolen and are dangerous when the children are out on the playground. ALL jewellery must be removed for PE lessons for health and safety reasons.

PSHE: Our focus this term is **good to be me**. We will also be learning about **British Values** through our class assemblies and whole school assemblies.

Computing: Children will be taught a number of key ICT skills linked to multimedia presentations and safe internet search this term. Children will be reminded of safe internet use. Please ensure that this is reinforced at home if children have access to computers.

Homework

Numeracy: Every Friday children will be given a mental maths test to complete at home. This needs to be handed in by the following **Wednesday**. If the children struggle with any questions, they can ask for help in school. Please try to encourage your child to hand in homework as early as possible in order for homework to be marked and returned so that children can correct any errors and misconceptions can be addressed. In addition to this, children need to be secure in their times tables from x2 to x12. Children need to be secure in rapid mental recall of all times tables as it forms the basis of all maths.

Literacy: Every second Monday children will be issued with 10 Super Sentences. It is their responsibility to learn the key spellings and punctuation of these sentences. They will be tested for two consecutive Fridays and they must better their score the second time. Children will have the sentences read aloud to them and will be expected to get the grammar, punctuation and spelling of each one accurate. The Reading Challenge and Poetry Recitation Challenge also forms part of the children's homework.

Reading at Home: We would like reading books and diaries in school every Friday and would expect that your child read at home daily. Please aim to sign their diaries at least 3 times each week. Remember they don't have to only read books. Newspapers, comics, the internet, television guides and games rules are all texts too! It is your child's responsibility to request a reading book change. Reading is an important skill which also enhances children's writing and imagination.

Poetry recital: Each half term children will be given 2 poems to learn at home. They must be able to recite the poem without any mistakes and answer questions to demonstrate their understanding of the poem's content, techniques and vocabulary. This helps improve children's skills of speaking clearly and slowly as well as enhancing their imagination and vocabulary range—which improves their writing! Poetry often comes up in Year SATs so it is imperative that they are familiar with a range of different types of poetry, techniques and structures.

Thank you for your support

Mr Dunbar,

Mrs Davies and Mrs Gibbons
